

april-09-show

a playhouse/klang/ongaku-special

do you remember that we had **serafin** (p45, cadenza, bruchstücke, liebe*detail, mountain people) already one time at p45 radio? yep, this was four years ago, in the "july-05-show"! lots of things happend in the meantime. serafin has been spinning and producing all along. together with his good friend rozzo (see the "april-07-show") he founded the celebrated label "mountain people". our project "p45 records" crashed as a vinyl store... et "cabaret" justement vient voir la nuit! serafin will illustrate the central themes: musically & verbally. he's introduced by **new.com** (p45/cmfrt_ns_prdctns/dub_ex_machina).

- total playing time: 3h/03m/34s

- streamed the 16th of april 2009 @ www.audioasyl.net
- download (mp3/192kbs/260mb) over www.p45.ch & www.comfortnoise.com
