deepschool

we are opening the new year with **cash-p** (zurich) who's saying from himself: "i'm also unknown as klappstar or plattenkasper, and i always wash my hands after record shopping. besides checking what's new and hot, i get down on my knees to go thru those big dusty crates of records that just wait to be brought back to life. and what better chance to do that than on the radio? expect a transatlantic history of the future: new york, chicago, detroit, berlin, amsterdam..." - cash-p is introduced by **new.com**
