house. techno. soul.

listening to **eli verveine** gives us an immediate evidence of a very elaborated taste. she allows us to discover another, sometimes forgotten, sometimes fairly unexpected side of techno & house music: dense, dubby, warm, emotional, deeply rooted in detroit - always selected & mixed as carefully as incorruptibly. eli verveine is part of p45 records, runs her own broadcast (scandal!) and her own website. let's listen to what she will tell us!
