

november-06-show

ambient/downtempo/mini-dub-techno

we are very proud to announce, that 'k' (cologne) prepared an exclusive & typically atmospheric two-hours-guest-mix for the november-06-show: **all the time. forever.** is oscillating among ambient, downtempo and dubtechno. ...once again, 'k' takes himself all the time of the world. he gives subtle tracks not only the right place, but also the accurate space. he catches us with sounds we might know - but never really listened to. check out the "p45 radio october-05-show", and you'll get a foretaste of what we mean! - the warm-up to 'k's set is provided by **new.com**
