

## november-07-show

### deep house

it's almost 2 years ago that we had **paba** in the studio the last time - and you'll be happy to know that he never stopped listening & collecting music in the meantime! as paba very rarely appears in public, you shouldn't miss this one: when a selector of this class is opening his treasure chest, the audience conventionally stays silent - mediated by **new.com** (cmfrt\_ns\_prdctns/p45)

- total playing time: 3h/07m/33s
- mixed by paba & new.com
- produced by new.com
- streamed the 15th of november 2007 @ [www.audioasyl.net](http://www.audioasyl.net)
- download (mp3/128kbs/175mb) over [p45.ch](http://p45.ch) & [comfortnoise.com](http://comfortnoise.com)
