

october-08-show

deeper shades of house

soulful productions, extraordinary experienced dj-sets, infinite & wide knowledge of music are trademarks of **lexx** aka **kawabata** (drumpoet community, tiny sticks, stattmusik, big bear, bear funk, permanent vacation). everyone who's going out in zürich has seen him playing several times, otherwise she or he hasn't been going out. as guest of the october-08-show, he's showing us that side of house, that never lost its high quality nor its roots. it's a glittering jewel of deepness. lexx/kawabata is introduced by **new.com** (p45/cmfrt_ns_prdctns/dub_ex_machina).
