techno minimal house dub listening

it's our 50. p45 radio-show and we welcome a good friend that has been our guest already 4 years ago, at the beginning of our monthly streams: **beda** (www.beda.dj). beda is one of zürich's most active and truthfully underground djs. although he's playing all over europe and alongside the world's biggest dj-names, he's still pursuing his own taste and style: independent, highly experienced and driven by an incorrupt love for the music. great to have him back in our show!
